Information about REACH / SVHC candidate list:

According to the declarations of our suppliers of raw materials, none of the substances listed in the current SVHC candidate list is used in the production of these raw materials, nor are such substances knowingly added. Where this does not apply to a sub-product, you find a detailed substance description in the material information section. Ubiquitous traces of SVHC candidate list substances cannot be excluded. Raw materials and products manufactured by us are not specifically analysed for SVHC candidate list substances.
