The content of this statement is valid for the Metsä Tissue trade name(s) mentioned above.

Metsä Tissue is one of the leading tissue paper suppliers in Europe to households and professionals. Our trusted brands are Lambi, Serla, Tendo, Mola and Katrin. Katrin is targeted at professional users, and it offers total hygiene solutions for workplaces, washrooms and wellbeing. Our tissue products are made of virgin or recycled fibres according to ISO 9001 and ISO 14001 and product safety management system ISO 22000, BRC or IFS.

FOOD CONTACT

Declaration of Compliance

We hereby state that this product is in compliance with the following European food contact regulations and recommendations. In the testing program covering the mentioned trade name(s), the products have been tested by an independent laboratory for suitability for food contact and compliance with the regulations and recommendations listed below. Additionally, the compliance evaluations are based on the declarations of compliance provided by our raw materials suppliers, and complementary information obtained on a confidential basis.

The trade name(s) mentioned above are suitable for food contact as described below.

EU and EEA:

Regulation (EC) No. 1935/2004 on materials and articles intended to come into contact with food

Complies when applicable and under foreseeable conditions of use

Regulation (EC) No. 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food

Complies when applicable and under foreseeable conditions of use

Germany:

Foodstuffs, Consumer Goods and Animal Feed Code (Foodstuffs, and Animal Feed Code – LFGB), §§ 30 and 31

Complies when applicable and under foreseeable conditions of use.

BfR (Bundesinstitut für Risikobewertung) XXXVI. Paper and board for food contact

To: Antalis Danmark

Typical applications

May come into direct contact with foodstuffs as well as with the human skin and mucous membranes for a short period of time for wiping.

Product composition:

Cellulose pulp \geq 94%; Wet strength \leq 1%; Moisture 5%

INDUSTRY GUIDELINES AND POLICIES

Metsä Tissue complies with the Food Contact Guidelines for the Compliance of Paper and Board Materials and Articles, March 2019. The Guidelines is supported by the European paper and board supply chain: CEPI (paper and board manufacturers); CITPA (paper and board converters); ECMA (carton makers association); ACE (beverage carton alliance); CCB (CEPI Containerboard); FEFCO (corrugated packaging) and ETS (tissue paper association).

The products are in compliance according to BfR Guidelines for Evaluating Sanitary Papers.

REACH

We hereby warrant that the requirements of REACH Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals are fulfilled and only chemicals complying with the provisions laid down in the regulation are used in the manufacture of Metsä Tissue and Metsä Greaseproof Papers paper products. Metsä Tissue and Metsä Greaseproof Papers are downstream users of chemicals.

Metsä Tissue and Metsä Greaseproof Papers paper products comply with the relevant restrictions set forth in Annex XVII of REACH Regulation on restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles. Furthermore, substances subject to authorisation listed in Annex XIV are not used.

According to REACH Regulation chemical and article suppliers are required to inform downstream users regarding the presence of substances listed on the Candidate List of Substances of Very High Concern (SVHC) for Authorisation above the reporting limit. Based on information received from upstream suppliers Metsä Tissue and Metsä Greaseproof Papers paper products do not contain Substances of Very High Concern above the reporting limit of 0,1%.

DISCLAIMER

The information provided in this statement applies only for the tissue products, greaseproof products and traded goods as delivered by Metsä Tissue and Metsä Greaseproof papers and may not substitute necessary end use testing. Metsä Tissue and Metsä Greaseproof papers shall not be liable for any damage or injury resulting from misuse or uninstructed use of its products. This statement shall not be regarded as a warranty of fitness for particular purpose or end use. The end users shall have responsibility for verifying the suitability of the product for a particular application or end use.

The information given in this statement has been verified by Metsä Tissue and/or Metsä greaseproof Papers at the date of its publication and we shall not be liable for any future changes in information, contents, processes, regulatory or legal requirements included in this statement. This statement is valid maximum one year unless a more recently dated version is available.

The recipient of this statement acknowledges that the copyrights, patents, trade secrets, rights of ownership and/or use in respect of the information given in this statement belong to Metsä Tissue and Metsä Greaseproof Papers. Any copying, distribution, sending, transmission or publication of information provided in this statement is prohibited unless Metsä Tissue's or Metsä Greaseproof Papers' prior written consent has been given.
