3. The reference in object is composed of:
 - virgin cellulose fibres.
4. The reference in object is:
 - Colored white.
5. According to M.D. 21/03/1973 the reference complies, for purity and composition, to the established requirements for food contact materials, some of which require migration tests and others not, and therefore it can be intended for contact with all foods (wet, dry, and fat).
6. We also declare that:
 - The reference is **NOT** fit for any contact with a food product when frozen and when refrigerated.
 - The reference is **NOT** fit for any use in the microwave together with a food product.
 - The reference is **NOT** fit for any use in the traditional oven together with a food product.
7. The use in industrial or commercial sites of the product reference mentioned in this declaration does not exclude the inspection of its conformity to the current normative framework and of its technological compliance to the purpose the reference is made for.
8. With reference to the stages of production, storage and commercialization of the object sold to your Firm, we declare to:
 - have implemented a *system of quality assurance and quality control* in adherence to the Regulation (EC) n°2023/2006 and further modifications;
 - comply to what required by Art. 15, of the Regulation (EC) n°1935/2004 and further modifications; in the subject of *labelling*;
 - comply to what required by Art. 17, of the Regulation (EC) n°1935/2004 and further modifications; in the subject of *traceability*.
9. In support to what above mentioned the company declares to have available for the local authorities the analyses certificates performed, the calculations made, together with the compliance declarations of our suppliers of raw and subsidiary materials.
10. We specify that this declaration is valid exclusively for the product reference by us supplied and cannot be extended in the event of a transformation of the same product.
11. This declaration is valid as from date indicated here below and will be updated in the event of any substantial mutation in the production of this reference capable of altering certain essential compliance requirements, or when the legislative framework mentioned in the present declaration will be modified and updated so as to require a new turn of inspection for compliance.
