

## ENVIRONMENTAL AND PRODUCT DATA SHEET

### **Product**

Sheet paper

### **Raw Material**

Unbleached Kraft paper coated with LDPE (Low Density Polyethylene)

### **Packaging**

Outer: Corrugated Cardboard

### **Field Of Application**

The paper sheets can be used safely for all types of food except for acidic foods at maximum +70°C.

They should not be used for microwave oven.

### **EC Directive 94/62/EC on Packaging and Packaging Waste**

The packaging complies with all essential requirements as defined by 94/62/EC.

For example minimum adequate amount of packaging, limitation of heavy metal content, recyclable through at least one of the following: reuse, material recovery, energy recovery or composting.

### **Environmental Aspects**

#### **Product**

The paper is made from unbleached pulp consisting of 100% virgin fibres.

The LDPE plastic originates from fossil sources.

#### **Packaging**

The corrugated board is based on recycled fibres.

### **Product Safety**

The product fulfils the following:

- EU Regulation 1935/2004/EC, Material and products intended for contact with foodstuff.
- EU Regulation 2023/2006/EC, Good Manufacturing Practice.
- BfR XXXVI for Paper and board for food contact.
- EU Regulation 10/2011/EC with amendments, Material and products of plastic produced for contact with foodstuff.  
Migration tests on the article material performed by an independent institute showed that under appropriate test conditions, overall and specific (when relevant) migration falls considerably below the limit given by regulation 10/2011. For further details, see Declaration of Compliance.
- Duni manufacturing units are certified according to the international quality system ISO 9001 and environmental system ISO 14001 as well as to BRC for hygiene.

***Management of Used Products***

***Energy Recovery***

All the materials are suited for energy recovery. Complete combustion gives mainly rise to carbon dioxide and water. The energy content of plastics/paper is comparable to that of oil/ wood.

***Recycling***

Recycling of the plastic and the corrugated board is possible for producing new products. Check with the local recycling company.

***Validity***

This is a copy of a document issued 2022-06-16. It is normally updated every second year or when there is a change in the manufacturing process, in the product or in legislation. To make sure that you have the latest edition, contact Duni AB, CSR and Quality Department.
