

FOOD SAFETY DECLARATION

This is to declare that medical devices (QuickFix plasters) produced by Plum Safety ApS are suitable for food contact and can be used on food industries.

Their raw materials are regulated as follows:

- EU Directive 94/62 on packaging and packaging waste. The metals cadmium (Cd), hexavalent chromium (Cr-VI), lead (Pb), and mercury (Hg) are below 100ppm.
- EU Framework Regulation on good manufacturing practice for materials and articles intended to come into contact with food: 2023/2006/EC.
- EU Framework Regulation on materials and articles intended for food contact: 1935/2004/EC.
- Regulation EU 10/2011.
