

This document is a **Declaration of Compliance** for the product named below, within the meaning of Article 16(1) of Regulation (EC) 1935/2004 on materials and articles intended to come into contact with food.

DECLARATION OF COMPLIANCE				
Business Operator:	Sabert UK Ltd. Enterprise Way, Maulden Rd, Flitwick, Beds, MK45 5BW			
Product Type:	Kraft + EC coating			
Product Code:	01FCB1KR 01FCB3KR			
New Product code:	10092 10516			
Declaration of Compliance with				
We state that the above product complies with: - Regulation (EC) No. 1935/2004 on materials and articles to come into contact with food (and amendments to date) - The Regulation (EU) 2025/40 (Packaging and Packaging Waste Regulation) - Commission Regulation (EU) No. 10/2011 on plastic materials intended to come into contact with food Sabert UK Ltd is accredited under the BRCGS Global standard for Packaging Materials and is also ISO 9001 accredited. Based on the information given in our Supplier's Declarations of Compliance all additives and monomers present in their materials are listed in the positive lists of Regulation No. 10/2011 and amendments.				
Non-Plastic Components				
To the best of our knowledge, based on supplier's declarations, the components consisting of; Indirect food contact - Water Based Adhesive – Additional Information can be provided on request and comply with the above regulations and requirements where applicable. Direct food contact - The paper grades used for the manufacturing of the supplied pack fulfil the requirements of BfR recommendation XXXVI - The paper has an industrial and home compostability certificate issued by DIN CERTCO, therefore they are completely recyclable and biodegradable paperboard. - Furthermore, they were tested by the German Laboratory ISEGA for heavy metals, - PFAs and total fluorine according to the: - Regulation (EU) 2025/40 of the Parliament and of the Council of 19 December 2024 on packaging waste, amending Regulation (EU) 2019/1020 and Directive (EU) 2019/904 and repealing Directive 94/62/EC, Official Journal of the European Union L, 2025/40, 22.1.2025, Article 5, 4. And 5. (c)				
Specific Migration Limits (SML)				
Gloss Emulsion				
PM Ref No.	Cas No.	Chemical Name	Restriction (SML, Qm)	Restriction may be exceeded in the printed food packaging according to a worst-case calculation solely due to the

					contents present in the ink layer (6) (Y / N)
11500	000103-11-7	2-Ethylhexylacrylate	0.05mg/kg		N
21130	000080-62-6	Methylmethacrylate	6mg/kg		N
22210	0000098-83-9	Alpha-Methylstyrene	0.05mg/kg		N
10690	000079-10-7	Acrylic Acid	6mg/kg		N
91530	000577-11-7	Sodium dioctyl sulfosuccinate	5mg/kg		N
77708	069013-19-0	Polyethyleneglycol ethers C8-C22 alcohols	1.8mg/kg		N
80077	068441-17-8	Polyethylene waxes, oxidized	60mg/kg		N
17050	000104-76-7	2-Ethylhexanol	30mg/kg		N
66755	002682-20-4	2-Methyl-4-isothiazol-3-on	0.05mg/kg		N
37520	002634-33-5	1,2-Benzisothiazol-2(2H)-on	0.05mg/kg		N

Overall Migration Limits (OML's)

PAPERBOARD & COATING

On the basis of the declaration of our supplier, the overall migration tests have been performed on representative samples with the following results. The overall migration limit 10mg/dm² is not exceeded.

Simulant	Contact Time	Temperature	Results (mg/dm ²)
Tenax	10 days	40 °C	< 2
Ethanol 95%	10 days	40 °C	< 10
Iso octane	2 days	20 °C	< 10

Dual Use Additives

The used substances do not contain any additives that are authorised as food additives.

Use of the Food Contact Material

The product(s) fulfils the requirements of Regulation (EU) No 10/2011 regarding the contact with fatty, non-fatty and dry foodstuffs. Packaging is suitable for same day consumption (up to 24 hours) at room temperature or below.

(Y) Indicates the material will withstand the process/temperature

(N) Indicates the material will not withstand the process / temperature

Blast Frozen	Freezer	Fridge chilled	Room temp	Heated Display	Microwave	Oven
N	N	Y	Y	N	N	N

Disclaimer

This Declaration of Compliance describes the status of the product(s) and its suitability for intended use. The user of this product(s) is responsible for ensuring that the finished food packaging complies with applicable migration

limits in the food itself under actual conditions of use and for verifying possible interactions of the product(s) or its components with the foodstuffs (e.g. modification of odour, taste, consistency, migration etc.) prior to use. This certificate is reviewed every two years or when changes to the product or the relevant Regulations occur.
